(that's \$1000 human).**

If you've got your eye on a new car or truck, First Northern Credit Union may be your new best friend.

After all, we offer rates as low as 5.99% on new cars, and as low as 6.99% on used cars. As a member of the credit union, you'll enjoy additional benefits, including free automatic payroll deduction. And, you don't need a down payment – we'll finance 100% of your purchase.

If all that weren't enough, if your loan is approved before April 15, 2002, you'll be entered in a drawing to win \$1,000 cash. When you consider how many of your fellow credit union members will actually read this postcard and buy a new or used car in the next few weeks, you'll see that your odds of winning are quite good.

So, if you've been thinking about a new car (or a new used car), now is the time to buy. You can apply for your First Northern auto loan by phone, in-person, or online. Do it today. It's the best way to finance your next car, no bones about it.

First Northern Credit Union's current rates for auto loans start at 5.99% Annual Percentage Rate (APR). The rate you pay is based on the number of years your loan is financed. Rates are subject to change.
